Babies In Sheeps Clothing

There's nothing so snugly as (ethically sourced) lambskin booties for your tiny treasures. Not to mention a chic (and toasty warm) sheepskin gilet for the style-conscious kid. Babies In Sheeps Clothing stocks a small, but perfectly formed range of all-natural accessories in either lambskin or calfskin, for babies and children up to the age of five. All the products are handmade and hats and booties come in a range of different (vegetable dyed) colours. All products, we're promised, just get better with age, which makes them perfect fodder for becoming the essential hand-me-downs.

MumsRock Loves... the classic sheepskin gilet in camel (£44.95 plus p & p)
